PRIOR TO INSTALLATION READ THESE INSTRUCTION COMPETELY
For questions, Call the FORD PERFORMANCE Techline 1-800-367-3788

NOTE: Do not discard this documentation. Retain with the vehicle.

NOTE: Some early 21MY Broncos may not support functionality of hard top rear defroster, rear windshield wiper, & rear washer fluid nozzle. Functionality is available on vehicles built with "SOFT TOP, CLOTH W/ PREP KIT" option (verify on window sticker). Or contact your Dealer or the Techline for assistance (Search the VIN on PTS to look up the window sticker).

1. Before installation, clean the hard top following the Owner's Manual.

2. Remove the soft top following the Owner's Manual.

3. Removing and installing the hard top following the Owner's Manual.

NOTE: Prior to first installation of the hard top, review the next pages to determine if additional component assembly is required depending on your vehicle build configuration and model year.

Rear Cap Fastener Location

1. When installing the rear cap onto the vehicle, use an M8x24mm bolt (W721071-S450B) in the 3rd bolt location from the rear on the left hand side.

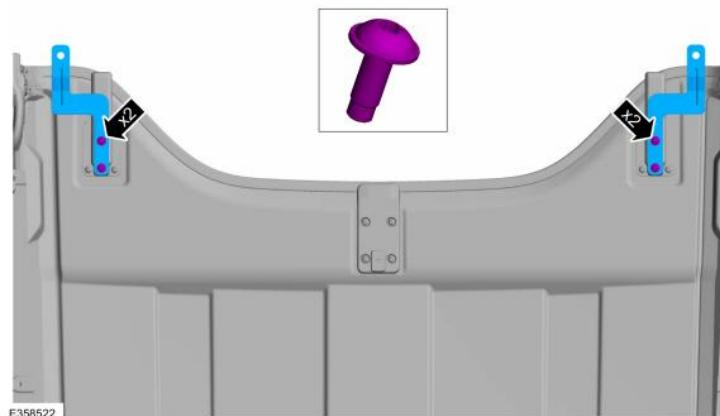

21-23MY Bronco Z-Bracket Removal & Installation

NOTE: Removal steps in this procedure may contain installation details.

1. On both sides, remove the 2 fasteners and the hard top rear cap brackets. *Torque: 44 lb.in (5 Nm)*

2. To install, reverse the removal procedure with the provided Z-brackets.

NOTE: 21-23MY 4DR Bronco hard top requires 10 bolts to attach the rear cap to the body.
